STORAGE OF FRUITS AND VEGETABLES FOR THE HOME

45618-BP1

A packing box with a heavy cover may be used in making a small storage pit. The box is set with the top above the surface

45617-BP1

Canvas cover for the packing box may be held in place by stones

5-7552

5-7771

5-7549

Storage pit made from corn or sorghum stalks, with covered ventilating pipe. Suited to southern conditions

45616-BP1

45615-BP1

A barrel with a board to close open end may be used in making a storage pit. Cover with enough earth to prevent the vegetables from freezing. Locate and construct pits so water will drain away from and not into them. Use for storing potatoes, cabbages, and root crops

Prepared by Extension Service, in cooperation with the Bureau of Plant Industry,
United States Department of Agriculture, Washington, D. C.

Group No. 15.—The Home Garden (Chart No. 15.6). Group of six charts. Price 20 cents. Revised 1941.
